Barbara and Andrew,

Attached are Charles Wood's comments on the respiratory pathology sections. Please note also his comments below.

John

**Subject:** RE: Sensory Irritation Comments on Formaldehyde document

Hi John,

Attached are my comments on the formaldehyde document, which are limited primarily to the respiratory tract pathology sections (as assigned). Doug and I have not had a chance to discuss our comments together but they seem to be in line for the most part. Here are a few general notes:

## Ex. 5 Deliberative Process (DP)

Glad to discuss further anytime.
